

Mipa Kunststoffreiniger is a CFC-free cleaning agent for all common plastics. It eliminates electrostatic charges and prevents their regeneration. Electrostatic charge causes higher dust attraction during the coating of plastic parts. This product can be applied by paintbrush, brush, wipe, sponge and by spray gun.

Spreading rate: --

### Processing instructions

	Colour colourless					
	Mixing ratio					
	Hardener	by weight (lacquer : hardener)		by volume (lacquer : hardener)
